

## Learning During A Pandemic-- My Perspective

By Ariana Gutierrez

There are pros and cons of learning online. I have been doing work online since school started because I am pregnant, and I didn't want to risk getting the virus, since it can be very dangerous for me. This is probably why many students prefer to stay home.

First of all, there are many pros to learning online, which can be little things, like being able to grab a snack/drink whenever you want, staying in your pjs all day, and being able to spend more time with your family/child. One thing I really like is being able to stay in bed, since being six months pregnant can be very tiring. Also, I can work in comfortable surroundings, instead of having to sit in a school building for six hours.

On the other hand, I feel that it comes with many disadvantages. Some examples are not being motivated enough to get on a zoom class every period, getting distracted easily, and it can be very difficult for me to always be working on the computer. One thing that really gets to me is not getting enough social time. I feel as though the amount of work can sometimes cause a lot of stress. I'm also more of a visual learner, so I don't always feel like I am understanding everything as well as if I were going to school.

# Recipes For Busy Moms

## By Sofia Garcia

**For our 4 to 6 month-old babies**

### **Avocado Puree**

#### **Health Benefits:**

Full of “good fats” which is great for babies' brains and physical development.

#### **Ingredients-**

- ▶ 1 avocado
- ▶ Liquid, such as formula, breast milk, or water.

#### **Instructions-**

1. Mash avocado with a fork or blend
2. Mix with preferred liquid for desired consistency

♥Tip- If storing in fridge for more than a day add the avocado pit to slow down browning

**For our 7 to 9 month-old babies**

### **No cook mango-banana puree**

**Ingredients-** Ripe mangoes and Ripe bananas

**Instructions-** Place fruit in blender or food processor and blend until smooth

♥Tip-Store in ice cube tray in freezer to stay better longer

\***Bonus-** Banana-mango mix makes a great base for a low fat grown-up smoothie -just add plain yogurt and ice and blend away.

Dear Parent or Guardian:

In an effort to ensure that all students in the School District of Lee County are provided the highest quality education by effective and skilled teachers, we are continually working to make sure all teachers of core academic subjects meet the definition of "State Certified" under the Every Student Succeeds Act (ESSA). Core academic subjects include English, reading, language arts, mathematics, civics/government, economics, geography, history, science, foreign languages, and the arts.

In order for a teacher to meet the definition of "State Certified," they must have:  
a Bachelor's degree or higher;  
full State certification; AND  
demonstrate knowledge of the academic subject area(s) in which they teach.

Although the District makes every effort to hire teachers that meet ESSA's demanding highly qualified teacher requirements, we would like to inform you that your child's teacher, Ms. Duresky is presently non-state certified for Reading. Ms. Duresky is currently working to meet this requirement, and the School District of Lee County has full confidence in her ability to teach your child effectively.

In addition, LAMP is providing on-going assistance to Ms. Duresky so that her extensive experience and certifications continue to support student achievement in your child's school.

If you have any questions regarding Ms. Duresky's qualifications, please feel free to contact Ms. Rebecca Andrew, Assistant Principal at 239-332-2526.

Sincerely,

Rebecca Andrew
